Skills

- **Front-end :** HTML, CSS, Javascript, Tailwind CSS, React
- **Backend :** NodeJs, ExpressJS, MongoDB
- **Version Control :** Git, Github
- **Tools :** Vs code, Acode, Figma
- **Others :** Responsive Design, Debugging, Web Performance Optimization

Projects

Visita - Educational Site Template ↗

- Built a fully responsive educational website template using **HTML** and **Tailwind CSS**.
- **Modular Structure:** Designed separate pages (Home, About, Contact, Login, Register) with reusable **Navbar** and **Footer**.
- **Responsive & Deployed:** Optimized for all screen sizes and deployed via **GitHub Pages** with a live demo link.

Netflix Clone ↗

- Developed a Front-end replica of Netflix using HTML, CSS, and Javascript.
- **Floating Input Label:** Enhanced the sign-in form with a smooth floating label effect for better UX.
- **Scrollable Movies Section:** Implemented a horizontally scrollable movie list for a seamless browsing experience.
- **Working Scroll Buttons:** Added functional left/right buttons to navigate movie sections smoothly.
- **Collapsible FAQs:** Designed an interactive FAQ section where answers expand/collapse on click.

Faulty Calculator ↗

- Works like a normal calculator with accurate claculations.
- Enter a secret code to activate **faulty Mode,** causing incorrect results with 20% error rate (code- **2410**).
- Use another secret code to switch back to Normal Mode (code- **968**)
- Faulty mode status and last result are saved in **localStorage** for persistence.

Education

- **Post Graduate Diploma in Computer Applications (PGDCA) (Ongoing)**
  AISECT Computer Centre, Nurpur
- **Bachelor of Science (BSc) in Mathematics (2021 – 2024)**
  Govt. Arya Degree College, Nurpur
- **Senior Secondary (Class 12) (2019 – 2021)**
  Jawahar Navodaya Vidyalaya, Kangra – 91.2%
- **Secondary (Class 10) (2018 – 2019)**
  Jawahar Navodaya Vidyalaya, Kangra – 86.4%
